

LILAC: Language in learning across the curriculum.

Internationally renowned professional development course to support successful teaching and learning for EAL Students

Course Outline

This accredited programme will enable you to develop and promote a holistic approach to teaching that will ensure all students are successful learners.

Please note that this is a four day course– please see dates listed.

By the end of the course participants will:

- Identify the language-related needs of EAL students and develop teaching practices which address their needs.
- Develop teachers' awareness of how to accommodate the cultural and linguistic diversity and experiences of EAL students.
- Provide a positive context for teachers to trial suggested strategies and reflect critically and openly on their teaching.
- Promote collaborative working relationships between all teachers through a shared understanding of how to support EAL students.
