

# Knowing & teaching mathematics: Supporting Mathematics Learning for Teaching Assistants

## How can you best support mathematics learning to make a real difference?

### Course Outline

This programme will dive deep into mathematical subject knowledge to promote understanding for all, ensuring greater outcomes for the mathematicians of the future. To inspire confidence in participants we will be using a range of manipulatives and representations to make mathematics fun!

### By the end of the course participants will:-

- develop their understanding of teaching approaches that ensures effective teaching and learning in mathematics
- extend knowledge of calculations strategies to enable effective support of children
- explore the range of representations that will help children to overcome difficulties in their understanding
- share experiences and reflect on effective support in the classroom.

### Phase

Primary

### Audience

HLTA  
Teaching Assistant

### Trainer

Rebecca Crabtree  
Educator Solutions  
Associate

### Date

21/03/2018

### Time

9:30 am – 4:00 pm

### Venue

Norwich Professional  
Development Centre

### Cost

£165 per delegate

### Course Ref

TLS-0318-T014
