

Discover a Secret Garden in the Heart of Norwich

*An inspirational place supporting
learning across the curriculum*

The Plantation Garden is a Grade II English Heritage-registered garden close to Norwich City centre, next to the Catholic Cathedral.

Its features include a Gothic fountain, lawns, an Italianate terrace, a 'Medieval' wall, flower beds, a summerhouse, woodland walkways and a rustic bridge.

We have a range of **free resources** available to download, edit and use to support your school's visit to the Garden. Visit the **Children and Education** section on the garden's website: www.plantationgarden.co.uk

Pre-arranged visits to the Plantation Garden are completely free for school groups and include **complementary handouts** of the Children's Guide and KS2 Maths Trail for all children attending.

These activities, resources, lessons and examples of work were **developed by children and teachers** at a local junior school to support art, poetry, science, maths, history, photography and creative writing.

LOTTERY FUNDED
