Code Playground
Building future skills

> Code Playground: Live YouTube Coding Session – What you need to know

What we're doing:-

1. A live coding session, broadcast through YouTube, to celebrate **National Coding Week**
2. Hosting a series of **free** follow up coding days for **primary schools**
3. Leaving a sustainable coding environment in schools and within the community

What you'll get:-

1. Access to brand new **Code Playground** content
2. Help your students to learn more about code
3. Participation in National Coding Week
4. Follow up with a free day of coding for your **students**

What you'll need:-

1. **Enthusiastic children**
2. A computer or screen – connected to the internet - to watch the broadcast
3. Computers or iPads for children to use for the coding part of the session
4. Access to https://scratch.mit.edu/users/Code_Playground/ on school computers
5. Availability for a follow up free coding day with local **Digital Eagles**

What's next:-

1. Email DigitalEagleHQ@barclayscorp.com to confirm your attendance
2. Book in your free follow up session
3. At 10:00 on Wednesday, 19 September 2018 click **https://www.youtube.com/user/barclaysonline** to join the YouTube session
4. Take part in the interactive session
5. **Be Cool and keep coding!**
