

Bringing the curriculum alive with iPads

Enjoy a hands-on day exploring the creative use of iPads to support learning and teaching in primary schools.

Course Outline

This course will show you how effective the iPad can be for both teachers and students, with just a few free apps. Create exciting lessons, embed the technology into the curriculum and develop methods for encouraging independent learning.

By the end of this training participants will:-

- identify the potential of the iPad to develop speaking and listening
- develop clear understanding of the application of the iPad across the curriculum
- identify core apps that enable engaging learning and teaching
- share ideas and identify best practice that leads to raised attainment
- use a matrix to assess the suitability of apps.
