

English Twilights

Thinking about improving outcomes in English?

A series of practical twilight sessions exploring what really works to make a difference in outcomes for children.

Course Outline

Designed to kick-start changes in school, all sessions are based on up-to-date educational research and include resources, tried and tested strategies and expert support.

Beginning at 4pm, these sessions are designed to be as accessible as possible and fit around the demands of school life.

Exploring themes from Lesson Design, to effective marking and feedback these twilights have every aspect covered.
