ASE Primary Science Teachmeet

What is a TeachMeet? FREE Science specific CPD. Anyone can share great ideas they've trialled in their classrooms, a teaching resource they love, a great website, a classroom activity - whatever you like! You can ask questions or simply turn up to soak up all the great ideas and enthusiasm. It is about being engaged and inspired by our immediate colleagues and gaining a lot of networking to boot!

What can you do? You can just come along and be a member of the audience if you like, you can give a two minute nano-presentation on one of your favourite science teaching ideas, or you can give a five minute micro-presentation on an aspect of classroom science teaching. We would particularly welcome contributions on Science across the curriculum, so if you have ideas for Science assemblies, using science as a context for Literacy, Numeracy, Art History etc please come and share these. You don't have to be an ASE member, just enthusiastic about teaching.

When: Tuesday 13th November 2018 1600 – 18.00
