

# Primary Computing Subject Leader Twilights

## The role of the Primary Computing Subject Leader is varied, exciting and demanding and our network

During the year, our termly network meetings will cover the different elements within the Computing Curriculum and provide:

- subject knowledge support;
- ideas, guidance and resources to enhance planning;
- support for assessing the Computing curriculum;
- ideas to develop cross-curricular links.

During the year the network meetings will also provide:

- support and guidance on creating and updating strategic development plans;
- an overview of new and developing technologies;
- training and support on new and existing devices, on-line tools, programs and apps;
- updates on local and national initiatives related to the all areas of ICT and the Computing Curriculum.

### Delegates will be required to:

- take part in discussions and share thoughts, ideas and resources being used in their schools to support the Computing Curriculum;
- complete school based tasks and feedback observations and findings.
