

Supporting the Literacy Learning of Individuals with Dyslexia

The course is designed for practitioners who wish to gain an accredited qualification and / or learn and develop their personal understanding of dyslexia and literacy:

Add to your skills and knowledge of working with children and young people:

- Gain effective strategies for practical intervention and approaches that support the development of literacy;
- Develop your understanding of the impact of dyslexia;
- Deepen your knowledge and skills by sharing best practice;
- Achieve a recognised qualification at Level 3 of the NQF

Six afternoon sessions (2:30 – 5:00pm) St. Michael's VA Junior School, Norwich led by highly skilled professionals from The Child and Educational Psychology Practice (CEPP).

For accreditation a submission of a portfolio of assignments will be required. This will be assessed by the team of tutors and quality assured by Gateway.

Full details of the course can be found at:

http://www.gatewayqualifications.org.uk/qualifications/ocn_eastern_region_qualifications/autism

The course is a mixture of taught sessions, 1:1 tutorials with full access to specialist resources.
