Dear parent,

TOP (Theatre of Possibility) – holiday programme

I am writing to inform you of a new exciting programme Norwich Theatre Royal is offering, as part of its Take Part community programme.

TOP is for people age 10 – 14 years old who have autism spectrum conditions. The programme aims to inspire confidence and encourage communication. Children will be invited to take part in playful drama games, learn new theatre skills and work together in groups in an inclusive, friendly and supportive space. We aim to create a place where children can relax and be themselves, whilst meeting new people and having fun.

We have two highly experienced practitioners who will lead the sessions. We can also offer familiarisation visits, if people would like to see the space or meet staff at Stage Two, our learning and participation building, where the programme will take place.

We are offering a holiday programme during the school holidays.

May Half Term: Thursday 30 - Friday 31 May 2-4pm, which costs £16.

Summer and October half term dates to be announced soon.

If you would like to book a place on the programme for your child, please visit the website at ntr.org.uk/TOP or call our box office on 01603 63 00 00.

If you have any questions or queries about TOP, please get in touch.

Best wishes,

A group of young people, likely teenagers, are shown from the chest up, with their arms raised in the air. They appear to be in a room with a dark background, possibly a stage or a workshop. The lighting is warm and focused on the participants. The text is overlaid on the left side of the image.
