

## Speech and Language Therapy training day for secondary school SENCOs

Following on from the success of our first Primary 'SENCo Survival Course', Speak East (ECCH SLT training team) are excited to be hosting a SENCo survival course for Secondary school SENCOs in the Autumn Term 2019.

This one-day course will be an opportunity to learn more about SLCN across key stages 3 and 4 and ways to support pupils in your setting with SLCN. The course will include ways to assess students in your setting and how you can support them with general strategies as well as targeted interventions.

Delegates will also receive a 'survival kit', with resources to enable them to put their knowledge into practice in their schools.

Feedback from our Primary 'SENCo survival course' included:

*"Thank you for all the resources and a brilliant day. I will definitely recommend this training"*

*'This was really useful as a SENCo'*

*'The best course I've been on in years!'*

Places are limited; please email [ecch.saltraining@nhs.net](mailto:ecch.saltraining@nhs.net) to express your interest in attending. More details to follow.
