Early Talk Boost

**Monday 4th November
9.15am-2.30pm**

Harford Community Centre

10 The Lastings, Hall Road, Norwich, NR4 6ET

Develop the knowledge, confidence and skills to promote language development and deliver targeted support to children's language

Give children the skills to make a positive start at school and support their access to the curriculum in Reception and beyond

Double the rate of progress in language and communication for a child with delayed language development

Early Talk Boost is a targeted, evidence-based intervention for 3 to 4 year old children with delayed language, boosting their communication skills to help them catch up with their peers. The intervention is delivered three times per week during circle/story time by a trained early years practitioner to up to eight children over a nine week period. Evaluation showed that after *Early Talk Boost* children made on average six months progress.

The training will give participants the skills and knowledge to;

- Understand the rationale behind Early Talk Boost,
- Identify appropriate children for the intervention programme
- Measure their progress
- Deliver the intervention successfully

Cost: £82 (including VAT) per delegate

If not already held by your setting you will need to order Early Talk Boost resources prior to the training directly from ICAN. All staff attending the training will also need a Participants book. Please see the Ican web site regarding Talk Boost resources (£480 for the Intervention Pack, £20 for Participant's Book):
