

This is a unique opportunity to hear about the great practice in mathematics teaching and learning happening on your doorstep.

This **FREE** event is open to Teachers, Maths Subject Leaders, SLT, Headteachers and Governors who would like to know more about the inspiring and beneficial mathematics projects and workgroups which have been happening across Norfolk and Suffolk.

The day will be bursting with **workshops** led by those involved in the **Maths Hub, Strategic School Improvement Fund (SSIF), EEF and Opportunity Area funded projects and workgroups** happening across the two counties. They will share what they did, the impact and what's next, so that you can fully appreciate the context and allow you to decide if it would be applicable and valuable to your school. You will also have an opportunity to sign up and become involved in a project or work group for the next academic year.

During the breaks and lunch, you will have the chance to visit the **exhibition of Publishers and Companies**, showcasing **manipulatives, resources, textbooks and training** available to support effective mathematics teaching and learning.

Monday 8 July 2019 from 9.00 am - 4.00 pm

Norwich Professional Development Centre, 144 Woodside Road, Norwich NR7 9QL
