Come and join us at the 'Theatre of Possibility'. Take part in playful drama games, learn new theatre skills and work together in groups in an inclusive, friendly and supportive space. TOP encourages communication and inspires confidence. It is a place where children can relax and be themselves whilst meeting new people and having fun. These sessions are suited for children aged 10 - 14 who have autism spectrum conditions, their siblings, their friends and their friends-to-be.

Familiarisation Visits

For many of us, trying something new, with new people, in a new place can be daunting. We are happy to offer familiarisation visits, a chance to meet us and have a short tour of Stage Two and the facilities. To arrange, call box office on 01603 63 00 00.

Comments from previous participants:

'I enjoyed taking part in a range of different ways of engaging with subject matter, using my imagination and collaboration was fun.'

'Thank you from Dad - clearly it has been a brilliant week'
