Teaching & Leadership

The Teaching Assistant Support Programme has been developed by Sheringham Teaching School to enable TAs to have the greatest impact on children's learning. The programme uses many elements of the latest research around maximising the effectiveness of TAs work.

The programme consists of 4 x half day inset sessions, followed by self generated targets for in school development. To enable the delegates to gain the most from the programme it is highly recommended that they have a mentor in school who will be able to support them with their development. ## SESSIONS INCLUDE
