Do you work with a child or young person with a sensory loss? Don't miss this fantastic opportunity to develop your skills

Course Context/Audience:

The course will consist of theory and practical activities to develop skills for working with children and young people with a sensory loss across early years, schools, complex needs schools and colleges.

Accreditation at BTEC Advanced level requires course attendance on all sessions and task-based activities. The course requires a commitment to produce 5 assignments and study time outside of the study sessions. This is a level 3 qualification, for which students would usually have a minimum of five good GCSE passes (or equivalent), including English.

Comments from past students:

'x was brilliant, whole team fantastic I really enjoyed this course and look forward to the next. Thank you!'

'It's given me a great awareness sensory impairment has for people both in schools and the wider environment'

'Developed the communication and understanding between the students I support and myself'

'This course has given me so much more confidence to stand up for child's rights and make sure I can do the very best for her and make others aware of her needs'

'Overall I feel I have grown in confidence I have a much better understanding of my role and the child'

'The best course I've ever done!'

'I feel quite strongly that every support assistant working with a child with sensory loss should do this course – no ifs or buts'

'I found this course very interesting – and feel that I have learnt so much more'
