

# Supporting Schools with the new Mathematics Curriculum Guidance Document

## **An interactive online meeting to support primary schools with the new Mathematics Curriculum Guidance Document.**

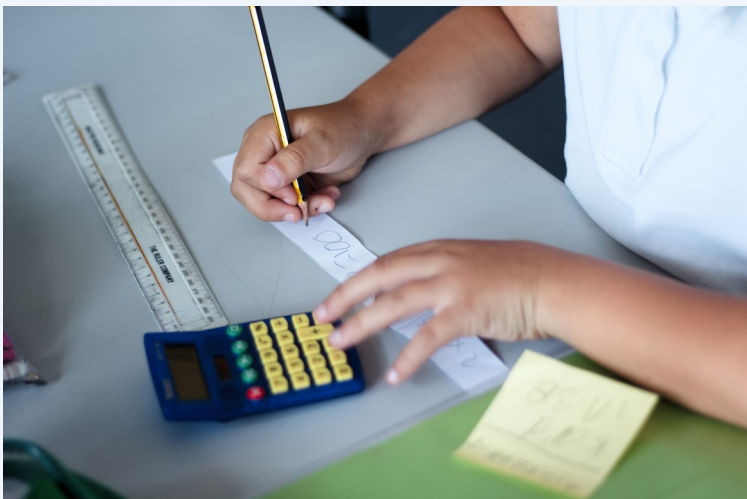

In light of the release of the joint DfE/NCETM Maths Curriculum Guidance Document, Angles Maths Hub is offering free, 30 minute, online sessions to support teachers and leaders of mathematics the opportunity to develop their understanding of the document and how this may support you moving forwards with mathematics teaching and learning from September 2020.

Each session will cover the document's :

1. Origins and rationale
2. Aims and intended use
3. Role in Covid-19 recovery plans

Sessions will also consider next steps for schools to prepare for September and give the opportunity for you to ask any questions.

There are a range of days, dates and time to allow flexibility, but all of the sessions will be identical and therefore, you only need to attend once.

## **How to book**

To book a ticket, [follow this link](#) to the Eventbrite page. Use the Eventbrite 'Select A Date' button to choose a session date and enter your details.

Please contact [admin@anglesmathshub.org](mailto:admin@anglesmathshub.org) if you have any difficulty booking a ticket.
