

# Early Talk Boost

Date	Tuesday 1st December 2020
Time	Session 1 9.30am—11.30am Session 2 1:30pm—3:30 pm (participants must attend both sessions)
Location	ONLINE via Zoom
Course Fee	£50*
Suitability	Early Years Practitioners

## Overview

Early Talk Boost is a targeted, evidence-based intervention for 3 to 4 year old children with delayed language, boosting their communication skills to help them catch up with their peers. The intervention is delivered three times per week during circle/story time by a trained early years practitioner to up to eight children over a nine week period. Early Talk Boost children make on average six months progress.

## Learning outcomes

- Understand the rationale behind Early Talk Boost,
- Identify appropriate children for the intervention programme
- Learn how to measure their progress
- Be able to deliver the intervention successfully

**\*If not already held by your setting you will need to order Talk Boost resources prior to the training directly from ICAN. All staff attending the training will also need a Participants book. Please see the Ican web site regarding Early Talk Boost resources .**
