The Teaching Assistant Support Programme has been developed by Sheringham Teaching School to enable TAs to have the greatest impact on children's learning. The programme uses many elements of the latest research around maximising the effectiveness of TA's work.

The programme consists of 4 virtual Zoom sessions, delegates will need access to their own individual computer or tablet. All resources will be emailed to delegates prior to the session. Each session will be followed by self generated targets for in school development. To enable the delegates to gain the most from the programme it is highly recommended that they have a mentor in school who will be able to support them with their development. Your TAs will come away with a range of practical easy to implement strategies that will further strengthen impact on children's learning

SESSIONS

- Session 1 - Effective support of teaching and learning in the school
- Session 2 - Effective use of questioning and talk to support learning
- Session 3 - Supporting positive behaviour management strategies.
- Session 4 - Bringing it all together including the importance of meta-cognition and mindset.
