

Assessment and Curriculum Planning for English and Mathematics 2021 / 2022

Support for planning English and mathematics curriculums for 2021/22.

As we come to the end of the summer term, many of you will be thinking about English and mathematics provision for the next academic year; in light of the disruption to education over the last 12-18 months. We know from research published by the Education Endowment Foundation and other organisations, that pupils are likely to end the year with varying gaps in their English and mathematical knowledge. Adapting your English and mathematics curriculum to meet these needs will be crucial in ensuring pupils continue to progress in the next academic year.

Each subject will be provided with a Guidance document and accompanying recording. The recording will focus on guiding you through the process set out in the guidance document, as well as sharing example of templates which schools can use and adapt for their own circumstances.

An optional 60 minute surgery slot to discuss individual school issues and difficulties, will be available on -

English -

5th July, 6th July and 7th July 2021 from 9.00 am - 12.00 noon.

Mathematics -

30th June, 1st July and 2nd July 2021 from 9.00 am - 12.00 noon.

Please phone or email to book your appointment - 01603 307710 or enquiry@educatorsolutions.org.uk

Phase
