

# EYFS Agreement Trialling for Early Adopters

To support early adopters in making accurate assessments using the revised EYFS Profile, we are offering an agreement trial style event to support teachers in discussions about judgements across areas of learning, using evidence bases common to all. This process of benchmarking will support teachers in making more confident judgements of the attainment of children in their own classes.

The training package will consist of an online meeting of organised discussions relating to:

- Communication and Language Development, Literacy and Maths
- A set of online resources

### Outcomes:

- Explore evidence bases
- Discuss the aspects that define the judgement made for each and the next steps in learning
- Understand how to apply the benchmarking activity to own evidence bases

### Audience:

Reception class teachers with Year 1 receiving teachers
