It promotes equality of opportunity and a commitment to ensuring that all children and young people access a curriculum which supports them to be successful in later life.

### Description

The session will explore the vision and implementation of an inclusive curriculum.

It will identify key legislation and guidance and support delegates to reflect on how their curriculum offer meets the wide-ranging needs of their learners. The session will explore key questions to guide a review of curriculum and will signpost specific resources which can be used to support settings.

The session will also provide opportunities for discussion and networking with other delegates.

### Outcomes

Delegates will be supported to reflect on and review their curriculum offer and the extent to which it meets the needs of all learners.
