County Council

# Year 4 Multiplication Tables Check Briefings

Ensure you are aware of the requirements and expectations of the Year 4 Multiplication Tables Check

**Thursday 28 April 2022**

**10:00 - 11:30 or 15:30 - 17:00 via MS Teams**

**Fully funded by the LA to support Norfolk schools, book your place [here](#)**

**Suitable for Headteachers, Year 4 Teachers, Maths Subject Leaders**

## What's included?

We are mindful that as this is a new Check, there may be teachers and Headteachers who may not have had the opportunity to read all the documentation available or attend any specific training, to fully understand the arrangements of the Multiplication Tables Check.

This briefing will cover all you need to know about the Year 4 Multiplication Tables Check in June and give you the opportunity to ask questions about specific challenges in your schools. The briefing will cover the assessment framework, administration, responsibilities and access arrangements for the Multiplication Tables Check. It will also support you in understanding the implications of these expectations, not only on your pupils but also on staffing, utilities, resources and school organisation.

## We're passionate about Maths!

We understand the value and importance of teaching. At the heart of what we do is working with schools to empower every pupil to enjoy and achieve, whether this is through developing teachers' subject knowledge, a specific practice in teaching, inspiring creativity or supporting subject leadership.

We can offer sustainable, proven and practical solutions tailored to the context of your settings and your staff needs. We will listen and work with you to analyse your needs, explore the issues together and jointly plan your next steps.
