

Schools of Sanctuary - Information Session

Inclusion and Opportunity Service

A fully funded virtual information session to provide information about becoming a School of Sanctuary.

The EAL/EDC Advisory Team is offering all Norfolk schools the opportunity to take the fully funded School of Sanctuary Award.

With an anti-racist ethos at its heart, this scheme raises awareness of the issues facing people seeking sanctuary, challenges misconceptions about migration and builds community cohesion.

A School of Sanctuary prides itself on being a safe and inclusive place for everyone, regardless of their immigration status. The message is a simple one: **EVERYONE IS WELCOME!**

The EAL/EDC Advisory team are collaborating on this initiative with the City of Sanctuary team and will be available to support your school throughout the process.

By the end of this CPD participants will:

- find out about the benefits of pursuing the fully funded Schools of Sanctuary Award
- hear the experiences of schools in Norfolk who have achieved the Award (Primary and Secondary)
- learn about the application process and how your school will be supported through it
- have any questions answered.

Delegates have said:

'Becoming a School of Sanctuary is a brilliant way of creating a school community that has anti-racism, inclusion and a welcoming ethos at its heart. Whether you have families who are refugees or asylum seekers in your school or not, it is a powerful vehicle for school improvement and creates a culture of welcome for all'.
