## "Learning at its best!"

Any Norfolk school is welcome to apply for a curriculum related course at the centre during term time & benefit from LEA supported prices. Key Stage 2 & 'A' Level groups find the centre's size & facilities very attractive for residential & day environment related courses.

### Quality

- Qualified & experienced teaching staff work with each group to plan & deliver a course tailored to specific curriculum or syllabus needs.
- Friendly support staff help with domestic & administrative matters.
- Well maintained premises, equipment, library, resources & computers are available at our 34 bed, self or partially catered centre, on the wonderful North Norfolk coast.
- A very large percentage of our school groups are 'highly satisfied' repeat visitors requiring curriculum related first hand experience of environmental studies, in a calm & supportive residential setting.

### Sustainability

- We are the first & only field centre in Norfolk with the prestigious & independent EnCams **Eco-Centres Award**. This acknowledges our commitment to apply the principles of sustainable development & environmental performance in our policy and practice. At Wells we 'practice what we preach' & involve our visitors in doing the same.

### Safety

- Our safety systems & record are second to none. All our activities are risk assessed & carefully supervised by well trained staff, with local knowledge. Our Health & Safety Policy & risk assessments follow NCC & LEA guidelines & are available for inspection.
