June 7 (8th in ANZ), 2022

# The Anywhere School 2022

We're living in a new era of education, where every teacher and learner has the power to pursue their own potential. During this **cross-product, online event**, we'll announce new features that will open up new potential for leaders, educators, and IT administrators.

## Core components

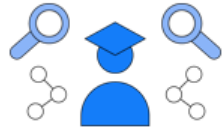

- Empowering teachers and students to pursue their personal potential
- 30+ new features and product launches across Chrome, Google Classroom, and Google Workspace for Education
- Feature demos that will help attendees set up and test the new tools
- Real-life stories from educators about how they're using Google tools to enhance learning

## Audience

- **Focus:** Education Leaders and IT Decision Makers
- **Secondary:** Educators

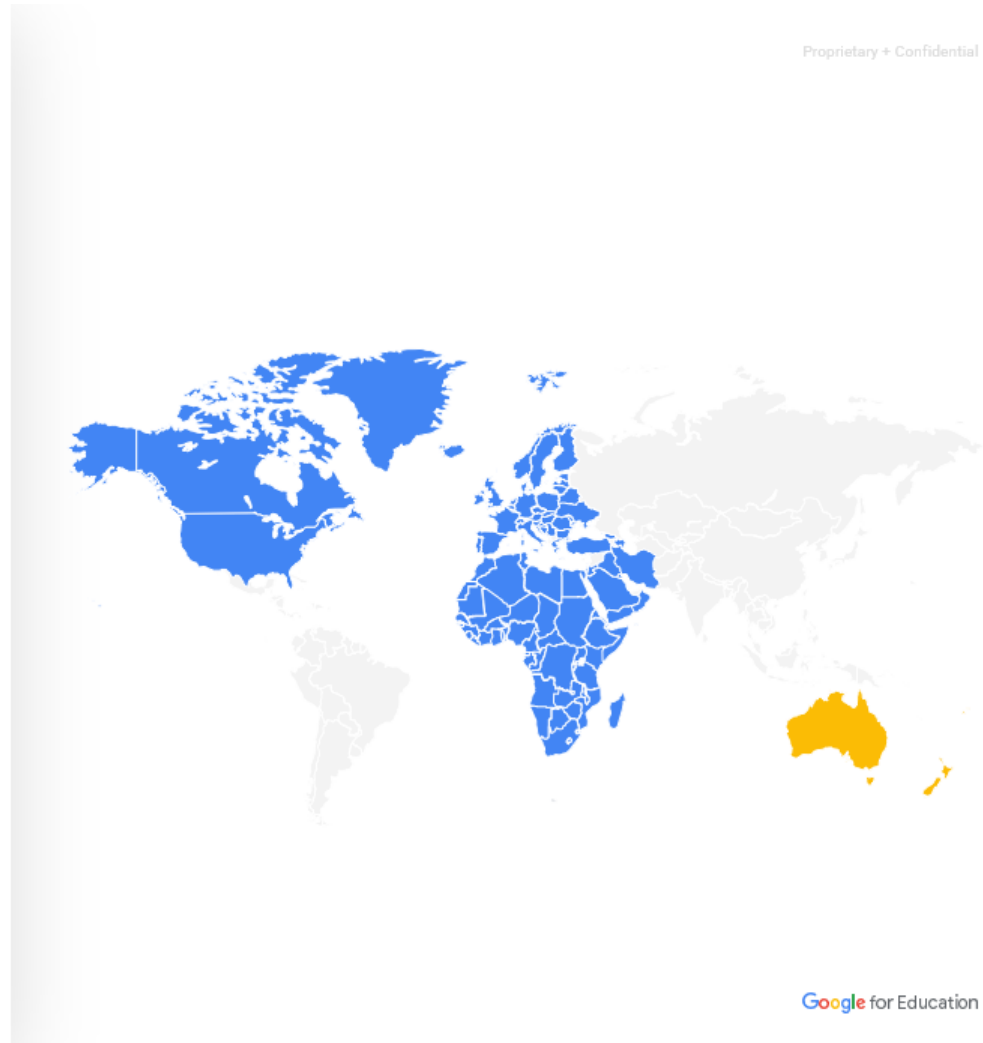

## When and where

The Anywhere School is a virtual event that runs for ~45 minutes at two separate times. Please keep in mind that the website, presentation, and subtitles will be in English\*.

- North America, Europe, Middle East, & Africa  
Tues, June 7th  
10am PST / 6pm BST
- Australia & New Zealand  
Wed, June 8th  
10am AEST

\*Please note that Google for Education will not be promoting the live event in Latin American and Asia Pacific countries (outside of Australia & New Zealand) given it is English-only. Post-event, local teams plan to send out a recording of the broadcast with translated subtitles for their regions.
