

Schools new to Angles Maths Hub are warmly welcomed and encouraged to attend.

All sessions are free of charge.

Now in Summer 2!

Teacher Research Group Taster Twilight Sessions

Teacher Research Groups (TRGs) give teachers the opportunity to explore, share and refine some teaching for mastery approaches through a focussed lesson study.

In our free twilight series, schools, teachers and leaders will observe mastery style teaching and learning, recorded in a range of our lead schools, with the opportunity to dig deeper into mastery principles and classroom practice. Teachers and Maths Leads from our schools will share their mastery journey including planning and impact on pupils.

This is an ideal opportunity for schools new to Angles Maths Hub to immerse themselves into this unique PD model, with details of how to get involved in this high impacting, bespoke programme.

Sessions will run 4.00-5.00pm . Please note the specific year group focus for each session:

Tuesday 14th June: UKS2 (Year 6); Tuesday 21st June: LKS2 (Year 3); Tuesday 28th June: Reception

Head Teacher Briefings

This series of sessions offers Head Teachers in the Angles Maths Hub area the opportunity to hear from a range of leaders on topics relating to mathematics leadership:

- Supporting a Maths Lead
- Working towards Outstanding
- Maths as part of the School Improvement Cycle
 - New to Headship
- Drop-in - Your Questions Answered
 - Working with Stakeholders
- Ofsted - Myth Busting, Curriculum and Research Review

Sessions are led by members of the Angles Head Teacher Advocacy Team, with our final session led by Hannah Stoten, HMI Subject Lead for Early Mathematics.
