

In this 60th anniversary year, our unique residential
ROLE PLAY for KS2 is in remembrance of the

Experience of WWII

In November 2005

HOLT HALL

will be transformed back to

1940

For three days your students will be evacuees billeted in a country mansion deep in the Norfolk countryside.

BUT:

Colonel Carrick is there trying to get it ready for his troops!

There may be an air raid!

Is there a German spy in the house?

Has anyone seen an enemy pilot hiding in the woods?

What will the kind lieutenant get the RAF officer to do?

Who will the Home Guard Captain try to shoot?

Who stole the petrol?

Will the Germans invade today?

In this wartime anniversary year, this course replaces our 'Victorian' role play and we expect places to fill up very quickly.

It is a three-day residential course and is particularly suitable for year 5 and year 6 children.

For an experience they will never forget – bring them along!

Please contact us as soon as possible if you would like full details, without commitment, sent to you in early September.
