

Inspiring Young People to achieve their Goals with Ashley John-Baptise

Norfolk
County Council

Norfolk Virtual School for
Children in Care and
Previously in Care

14 October 2022, 13:30 - 15:00

Fully funded online event hosted by The Virtual School

Suitable for KS3, KS4 and KS5 teachers and students - for all young people with aspirations/potential to go on to Higher Education.

Book your fully funded place [here](#).

Overview

Through hearing Ashley's story, we hope young people will be inspired to pursue their goals and feel encouraged to explore the option of Higher Education.

Our aim is that young people will feel empowered to overcome barriers that may be stopping them achieving their goals and will feel confident to reach out to others to help support them in the choices they make.

What's included?

The session will inspire young people to explore their goals, develop a positive mindset and encourage them to consider the option of going on to Higher Education. There will be a 45-minute presentation from Ashley John-Baptise followed by the opportunity for questions (30 minutes).

By the end of the session, delegates will:

- Feel inspired to set their own goals and life aspirations
- Understand that they can overcome barriers to achieve their goals
- Realise the power in reaching out for help.

For any further details/enquiries about the session please contact clare.cloves@norfolk.gov.uk
