NON SINE SOLE

We would like to invite your school to help us design window silhouettes detailing the adventures of the Queen Elizabeth I's progress across Norfolk in 1578

This is a **free opportunity** for our artist to come into school in **November, December or early January** with all the resources required to work with classes.

Your school's designs will be included in larger window artwork to be publicly displayed at night, to shine across Norfolk beginning January 2023.
