
Outdoor Learning in High Schools: Developing Creative Projects to Enhance School Grounds

Date	Time	Venue	Reference
01/05/2007	09:15 - 16:00	Costessey High School	ECNA8 A

Course Context/Audience:

An inspiring Inset for school colleagues facilitating young people to make a difference in their own grounds.

Objectives:

This Inset will give you the opportunity to:

- study the successful development of a pupil designed project to develop a wildlife garden at Costessey High School
- understand the considerable support network available to assist in enhancing school grounds for outdoor learning
- appreciate how making better use of school grounds can support both the science and arts curricula
- gain confidence, knowledge and resources to involve pupils in outdoor learning projects within school grounds

Includes presentations from Learning through Landscapes, Norfolk Wildlife Trust and NCC's Landscape Architect.

Course Leaders:

Susan Falch-Lovesey, Head of Environmental and Outdoor Learning
Pauline Williamson, Senior Science Technician, Costessey High School;
David North, Education Manager, Norfolk Wildlife Trust and
David Yates, Landscape Architect, NCC

Phase: Secondary Schools

Fee: £130.00
