Using Rhythms of Brazil in the Music Curriculum

For one day we will be steeped in the rich variety of Brazilian musical heritage. Course members will learn about and practice working with Reggae, Samba, Frevo and Afro Brazilian rhythms.

The rhythms will be applied in an ensemble using conventional cueing systems. All the core material will be presented in notes and the workshop presented using a methodology that can be used in school when planning the curriculum.

The course objectives are to:

- learn about the rhythms of Brazil
- extend the repertoire of curriculum material for teaching and learning in music.

Course Leader: Simon Limbrick
