The Plenary - What is it for?

The plenary is regularly identified as a weakness in effective literacy and numeracy teaching. When it is used well the learning for pupils can be significantly enhanced. The course will focus on good practice and provide practical opportunities for teachers to plan for the plenary.

By the end of the course teachers will:

- be more confident in the planning and delivery of the plenary
- be clear about the purposes of the plenary to consolidate and enhance the learning
- have practical examples of how to plan for a plenary.
