## Improving Writing (for middle schools) CORE TRAINING

This is a two-day course, the first session focuses on managing the improvement of writing across the Year 7 curriculum, the follow up session in December revisits and explores key aspects of teaching writing across the Year 7 curriculum to support pupils in designing and shaping coherent and cohesive texts. It is important that a delegate attends both sessions. The aims of the course are to improve the standards of pupils' writing through:

- increasing their use of a range of effective writing practices
- developing their ability to design, craft and evaluate their writing
- supporting teachers of English in planning for and tracking progress in writing
- supporting work on improving writing based on clear priorities.

This course is part of the Key Stage 3 core training and it is very important to attend if at all possible.
