## Inspiration for Key Stages 1 and 2

Inspiration is now part of the Norfolk Toolbox software set. Schools wishing to purchase this software can do so for £18 per machine instead of the full price of £60. The software supports creative thinking skills, planning and mind mapping and can be used across the curriculum. The half day course will look at developing the use of this software. Delegates will learn how to use the software and then we will reflect on how it might be used across the curriculum.

Refreshments will be provided.  
Course Leader: Sheila Denny

**Cost: £0.00**
