# Assessment and the Foundation Stage Profile

**Have you missed all previous training opportunities for the Foundation Stage Profile?  
Will you have children who will be reaching the end of the Foundation Stage in your setting?**

It is a requirement for the Foundation Stage Profile to be used in all government funded settings in which children reach the end of the foundation stage.

**In most cases these children will already have started school.** A few children may still be attending preschool settings.

This course will:

- make clear the procedures for using the Foundation Stage Profile
- outline good assessment practice in the early years
- offer practice in moderating judgements using video tape
- provide information on moderation and data collection.

No charge - funded by Government money for the Foundation Stage.

Maintained schools will need to pay for supply and travel costs. Non-maintained sector will need to complete supply and travel claim forms to be reimbursed.

Refreshments will be provided.

Course Leader: Fiona Musters
