# Raising Standards Through Effective Subject Leadership in Science

This course will focus on leadership and management skills that relate to science, including monitoring the quality of education provided and the efficient and effective deployment of staff and resources. Reference will be made to National Curriculum subject specific issues where they impact on the role and responsibilities of a subject leader.

**Please note that this course is a repeat of those held during 2001 and 2002.**

Refreshments will be provided.  
Course Leader: Steve Cumberworth

**Cost: £115.00**
