---

# 16 Banned Experiments

**For Technicians and Science Teachers**

Applied wrongly, the COSHH Regulations could stifle school chemistry. Using demonstrations, the course shows that procedures and materials thought to be very dangerous can be carried out safely once a risk assessment is applied. Indeed, many alternative procedures give very entertaining observations. Numbers are limited by the size of the room, which needs to be a lecture theatre or laboratory (without a smoke detector!)

Refreshments will be provided.  
Course Leader: Bob Worley, CLEAPSS

**Cost: £25.00**

<b>Date</b>	<b>Time</b>	<b>Venue</b>	<b>Activity Ref.</b>
11/11/2003	4.00 - 6.00	Alderman Peel High School	3SN017
