Dear Customer,

ESPO CONTRACT NUMBER 225N - FIRE EXTINGUISHER SUPPLY AND MAINTENANCE (NORFOLK)

I am writing to inform you that the contract for the supply and maintenance of fire extinguishers has been awarded to Chubb Fire Limited after being held for many years by UK Fire. The new contract commences on 1 June 2002 and expires on 31 March 2007.

The contract has been awarded on a different basis from the previous ones as far as maintenance is concerned in that there is a single cost covering all servicing activities except refurbishments and replacement equipment. The cost is £2.25 per extinguisher per year. Full details, including costs of new extinguishers are shown in the attached ESPO price schedule.

If you wish to use the ESPO contract could you complete the attached form and forward it to Chubb Fire as soon as possible to let them know when your service was last carried out so that they can add your establishment to their programme of servicing. Details of telephone, fax Nos. etc of Chubb are shown on the attached price schedule.

If you have any queries about this matter, please do not hesitate to get in touch with the undersigned at ESPO or Tim Howard, Corporate Purchasing Unit, County Hall, Norwich. Tel: 01603 222820.

Yours faithfully,

H. J. ARNOLD
Group Buyer (Hardware)

	Annual Service	Call Out	Annual Service and Call Out
Inspection, Small Spares, Large Spares, Discharge Test & Recharge not including refurbishment and replacement equipment	£ £2.25	£ £2.25	£ £2.46

Please Note

The cost per extinguisher for the annual service or for call outs at other times is the same. However, if you wished you could choose the combined option to cover yourself against any number of call outs during the year.

Activity	Actions to be carried out
Inspection	Inspection to BS 5306 Part III
Small Spares	All small spares are included eg. 'O' rings, clips, pins, caps, seals, washers, tags etc.
Large Spares	All large spares are included eg. Head caps, dip tubes, syphone tubes, discharge hoses, valves, cartridges, horns etc.
Discharge Test	All types – Discharge test included
Recharge	All types – recharges included

Refurbishment	Refurbishment means strip down of the extinguisher re-paint, re-label and re-fill, and in the case of CO2 includes the full pressure test as required to BS5306.				
	Under the routine service of the fire extinguishers all Water, Foam, AFFF, Powder & Wet Chemical would be test discharged and re-charged with all spares required being fitted within the service price, refurbishment would not be necessary nor be carried out. In the case CO2 they must be Pressure Tested at the age of ten years, at this point we would recommend they are refurbished or replaced dependent on the customer's own specification.
