

Holt Hall Residential & Field Study Centre

Christmas 2002 in the Environment for KS 2

Do something different at the end of Christmas Term !

*Come to stay in this Victorian Mansion
and let us do the work !*

RELAX by the big log fire and huge Christmas tree, ROAST some chestnuts, EAT mince pies and RECEIVE a present from FATHER CHRISTMAS himself ! EXPERIENCE the woods by night on a guided walk and LISTEN to stories by the fire. ENJOY a full Christmas dinner, with crackers. LEARN about the environmental changes at this time of year.

Lots and lots of activities to choose from including:

- * Christmas customs and legends through the ages
- * Make Christmas cake for birds
- * Decorate the dining room using nature's own decorations
- * Create a decorative table centrepiece
- * Discover how wildlife survives during winter
- * Take a bracing environmental walk along the beach
- * Birdwatch on the North Norfolk coast
- * Study plants in winter
- * Look at weather studies and recording
- * Learn about Victorian life at Holt Hall

These activities develop *literacy* and *numeracy* skills in students and the experience contributes to their *personal and social development*. This is a visit your pupils will remember for the rest of their lives for its fun and excitement and for what they will learn.

Holt Hall offers this residential course for half week periods from the 2nd to the 20th December, 2002 and all for the reduced price of £50.00 per student for the half week.
