## Numeracy

# Teaching Mathematics to Able Pupils in Y5

This course is designed for all Year 5 teachers. Course delegates will:

- experience mathematics as a more able pupil might;
- discuss the target group of pupils, who they are; what are their particular attributes and skills
- explore teaching approaches for the more able pupils in the daily mathematics lesson;
- consider work from some of these pupils and identify the key development points;
- consider adapting lesson plans to extend the more able group of pupils'
- consider problem solving strategies and how to build them into the daily mathematics lesson.

There is no charge for this course.

Funding for supply will be transferred to the school's budget E3NUMS following registration and attendance.

Cost: £0.00

£0.00 Fully Funded Numeracy Strategy Course
