## Developing and Reviewing School Drug Policy (Primary)

It is a government target that by March 2004 all schools have a School Drug Policy.

The objectives of this course are:-

- to help staff with responsibility for School Drug Policy to ensure that they have a policy in line with government guidelines
- to provide a model policy which schools may adopt or adapt
- to ensure that these staff are confident that their policies effectively consider the implications of dealing with any drug-related incidents should they arise.

All participants are requested to bring along with them a copy of their current School Drug Policy

Course Leader: Barry Gibson
