## Developing and Reviewing School Drug Policy (Secondary)

It was a government target that, by March 2003, all secondary schools have a School Drug Policy.

The objectives of this course are:

- to help staff with responsibility for School Drug Policy to ensure that they have a policy in line with government guidelines;
- to provide a model policy which schools could adopt or adapt; and
- to ensure that these staff are confident that their policies effectively consider the implications of dealing with any drug-related incidents should they arise.

All participants should bring along a copy of their current School Drug Policy.

**Please note that there is no charge for this course - because of funding from the Norfolk County Council.**

Course Leader: Barry Gibson

**Cost: £0.00**
