

INSET**Modern Foreign Languages**

Introducing Modern Foreign Languages into the Key Stage 2 Curriculum

This course is for those who want to widen and enrich the KS2 curriculum by including a foreign language but who may have concerns about curriculum overload, teacher expertise or confidence, and resources. It is aimed at non-specialist primary MFL teachers as well as curriculum managers.

The morning will focus on principles and strategies to develop this area of the curriculum. It will draw on innovative examples of current practice in a range of contexts, including small schools. The afternoon will provide practical ideas and exciting activities to enable schools to begin introducing PMFL.

The course objectives are to:

- show how PMFL can be introduced into the curriculum in flexible and exciting ways
- enable participants to feel confident and inspired.
