Subject Leadership (Generic Course)

This is a repeat of our previous year's highly successful course.

This two-day course will develop generic subject leadership skills, which can then be applied to any subject or aspect of school life.

The core of the material is based firmly on the standards for subject leaders laid down by the TAT and supports the National College for Leadership initiative 'Leading from the Middle'.

The course will enable participants to construct an effective and realistic action plan to support further development of their subject, contribute substantially to the schools self-review process and if necessary, pre-Ofsted documentation.
