Assessment in the New Inspection Framework

This half day course will:

- examine the criteria for inspecting assessment in the new framework and what they might look like in practice
- explore the key role of assessment in teaching and learning
- consider the elements of good assessment and tracking procedures
- suggest strategies for improving schools' current practices.

By the end of the course participants will be familiar with the above areas, have a view of assessment practice in their own school using the criteria and, where appropriate, have identified areas for improvement.

Please bring with you to the course a copy of the New Inspection Framework, which was sent direct to schools from Ofsted.

Refreshments will be provided.
