### What is your school doing to help children to be healthy?

Are you baffled by the latest requirement to encourage children to make healthy food choices? Help is at hand! A free day's training is being organised by Healthy Norfolk Schools and supported by the School Fruit and Vegetable Scheme which will explore all the issues around food in schools.

### Who is the training for?

All schools, whatever phase, teachers, senior managers and governors. Maximum of 2 bookings per school depending on availability. NB The second person's name will be placed on a reserve list and successful applicants will be notified soon after the beginning of next term.

### What will the training include?

Why all this concern about children's diets?

The role of schools:

- *What schools can do*
- *What they will have to do*
- *How they can do it*

Practical examples of how this links to other school priorities.

### The day will cover work on the following areas:

- \* *Breakfast clubs*
- \* *Tuckshops*
- \* *School dinners*
- \* *Packed lunches*
- \* *Vending machines*
- \* *Water in schools*
- \* *Cookery and Growing clubs*

There will be practical workshops and it will be possible to choose on the day. Schools attending will receive a free **Food In Schools Toolkit**.

**Course Leader (s) :**
