Using Wave 3 Mathematics Materials Effectively: Key Stage 2

Date	Time	Venue	Reference
13/3/2006	1.15 - 4.00	Norwich Professional Development Centre	5MN183
22/3/2006	1.15 - 4.00	West Norfolk Professional Development Centre	5MN184

The Primary National Strategy have provided schools with some well structured and focused materials that target intervention with children who have significant gaps in their mathematical understanding. These materials are aimed at supporting the learning of all children but in particular our lowest attainers and those with special educational needs.

This course will give participants:
- an overview of the Wave 3 mathematics materials
- an opportunity to consider how such interventions can be managed most effectively
- an awareness of best practice in working with children who have significant gaps in their learning.

These half-day (p.m.) course's will be running on the same day as the Springboard (a.m.) course's to enable participants to attend both of these courses if they wish.

Lunch will be provided for delegates who will be attending all day.

To book onto the Springboard course at the Norwich Professional Development Centre please quote reference **5MN057** and to attend the West Norfolk Professional Development Centre please quote reference **5MN058**.
