It may also be of interest to governors, for information. The day will involve participants in discussion of low level non-verbal and verbal de-escalation and intervention strategies as well as some analysis of dealing with more challenging conflict situations.

The course objectives are to:

- identify and share current behaviour management skills
- identify additional behaviour management skills
- better understand the use of low key intervention and de-escalation strategies
- be better equipped to deal with more challenging conflict situations.

Please note this course is similar in content to the Behaviour Management Workshops offered in previous years.
