Date	Time	Venue	Reference

12/6/2006	9.30 - 3.30	West Norfolk Professional Development Centre	6RN072

Peer coaching puts teachers in control of their own professional development. Coaching is a collaborative process which aims to enable people to see what they are doing more clearly and discover their own ways to improve.

This introduction to peer coaching will help school leaders of professional development to begin to understand the role of the coach, some of the skills involved, the structure of a coaching session and how the coaching process could be developed in their own school setting.
